LEVEL UP CIVICS

TEAM SCORE ____ / 16

CRITERIA	1 Emerging	2 Developing	3 Progressing	4 Excelling	PTS
Fullerton Challenge Does it respond to a real need?	Doesn't clearly address a need or opportunity in Fullerton.	General idea; purpose or link to Fullerton is limited.	Clearly responds to a need or opportunity from the Fullerton experience and shows who it could help.	Strong understanding of Fullerton; responds thoughtfully to a *meaningful* need or opportunity.	___ / 4
Fullerton Learning & Evidence Why here?	Doesn't use learning from Fullerton.	Mentions Fullerton learning, but the link to the design is weak.	Uses Fullerton learning to explain **where the idea belongs** and why it fits there.	Uses specific learning and perspectives to make a convincing case for location, purpose, and value.	___ / 4
Design & Creativity Is the build purposeful?	Incomplete or doesn't represent the proposal.	Some purposeful design; features limited or loosely connected.	**3+ purposeful features** that support a clear, creative solution.	Original, detailed, and purposeful; features work together as a meaningful proposal for Fullerton.	___ / 4
Communication & Team Voice Board · NPC · source · tour	Board, NPC, source, or tour missing. Participation unclear.	Some parts done; explanation, source, or team voice limited.	Board explains clearly, NPC gives context + a relevant source, tour includes **every voice**.	A clear, persuasive proposal. Everyone contributes meaningfully and explains why Fullerton should consider it.	___ / 4
